### Agenda:

1. Bake ideas/material in the [Fed2 Report draft](#):
  - a. Tabular material in Governance, Advocacy, and Engagement section intended to inform governance/advocacy/engagement needs
  - b. Sustainability strategy
2. AOB

WG members spent the hour discussing the Governance, Advocacy, and Engagement section and the supporting tabular material. It emerged that this strategy should be written in terms of the objectives to be served by advocacy, engagement, and governance processes (in that order, a logical progression of types of activity), and that parties involved in each form of activity would remain implicit, to be determined contextually as progress towards each objective occurs. The list of objectives for this purpose was refined. All detailed notes appear as comments, text, or edits to that section of the [Fed2 Report draft](#).
