The WG completed review of and approved the final form of the IR Handbook and table of actions. Tom will communicate the results to Nicole for approval by the REFEDS Steering Committee. He'll also save the Act-Inform diagram to the Sirtfi wiki for safekeeping until such time as an eduGAIN Security Team wiki space is created.

The WG discussed sending a message to the REFEDS general list after acceptance by the SC encouraging Fed Operators and Fed Participants to adopt its procedures, not waiting for anyone else to do so. Perhaps emphasize that it's a collective responsibility.
