January 28, 2021

Attending: Tom B, David G, Sven G, Uros S, Alan B, Mario R, Daniel K

Regrets: Hannah S, Dave K, Romain W

Agenda:

1. Sven's first stab at the introduction to the survey
2. Uros' revision of the [survey](#)
3. All continue work on the [survey](#)
4. AOB

The WG considered Sven's and Uros' work, which provided an excellent start to that discussion. The draft intro was revised and is probably near-final. The greatly abbreviated questionnaire itself held up to critical review pretty well. Some not terribly substantive changes were suggested and a couple of potential additional questions were tentatively accepted. Alan offered to try to produce a somewhat more detailed form of the current question 4 so the WG can look at the two approaches side-by-side before making a final determination. He also agreed to give the rest of the survey his once-over, not a final edit but implementing some of the suggestions that were made.

Along the way it became clear that the WG needs to revisit who we'd like to take the survey. That, and how we try to achieve that in some logistical detail, is the next step the WG will take to prepare to release the survey.
