### September 23, 2021

Attending: Alan, Tom, Uros, Pal, Daniela, Shannon, Hannah, Dave K

Regrets: Romain (traveling), David G., Sven

Agenda:

1. The WG will update the v2 spec, review and enhance ancillary materials, and conduct focus group discussions, all in preparation for the v2 Consultation.
2. Review [Todo List for v2](#), compiled by Tom based on the group's processing of the [List of things to consider when producing Sirtfi v2](#), and reflect corresponding changes within [Sirtfi v2 draft text](#).
3. Review new tasks
4. AOB

Members began the process of addressing each todo item. #s 1,2, and 5 were completed. The group spent much of the time considering several different approaches to #3, the todo item about the scope of applicability of the [OS] and [TR] criteria. A comment in the draft v2 text on the first sentence of the third paragraph in the Normative Assertions section reflects these. We'll pick it up here next time.
