Attendees:

- David St Pierre Bantz
- Etan Weintraub
- Jason Peak
- Heather Flanagan
- Mona Zarei

Pre-reading

- Draft specification and best practice guidance
- “Supporting Student's Gender Identity: An IT Perspective” (Educause)

Agenda

- Consensus review
  - eduPersonDisplayPronoun should be a single-valued attribute
  - It should be human-readable; machine readability is out of scope
  - Multiple languages are at the discretion of the end-user; we will not be including LDAP attribute options to tag language to values
  - EQUALITY field will be removed
- Best Practice guidance
- Next steps
  - volunteers to write a blog post?

Notes

- Discussion and updates to the Best Practice Guidance
  - Innovator guidelines finished enough for public comment
  - Some updates re-definition in the attribute spec itself
- Next steps:
  - Heather to clean up and get this ready for public comment
