Notes

- introduction of pilot participants
 - Chicago (Shib 3 IdP): David L and Daniel Y
 - Aalto (Shib 3 IdP): Jari K and Timo T
 - CSC (Shib 3 IdP): Sami S
 - XCEDE (Shib 3 IdP) and CILogon: Jim B
 - Masaryk University (SimpleSAMLphp, test IdP only): Michal P (on behalf of the IdP admin)
 - ELIXIR (SP) and BBMRI (SP): Michal P
 - EGI: Nicolas
 - Michael S and Jule Z: SFA spec editors
 - Pål A
 - Mikael L: RAF spec editor
- reviewed the pilot goals: <https://wiki.refeds.org/display/GROUPS/Pilot+on+RAF+and+SFA>
- pilot roadmap
 - Timo pointed out that it is difficult for them to know which users have MFA capacity because they have outsourced the service
- Steps before the next call
 - Mikael to prepare a table with RAF values in rows and IdPs in columns. IdP reps then to fill the data for their organisation
 - Everyone to read the RAF and SFA specifications and provide feedback before next Monday 26 Feb
- communications
 - Let's use the common REFEDS Assurance list: <https://lists.refeds.org/sympa/info/assurance>
- next call
 - start a bi-weekly call cycle starting 5 March at 15:30 CET/16:30 EET/8:30 CST
 - exceptions: Tuesday 3rd April (Easter) and Wednesday 2nd May (May Day)
