- Alan Buxey
- Andrew Morgan

Notes

- Review draft

    - Doc was sent out for mailing list feedback; none received. Only changes are from the working group.
    - All comments submitted prior to today were resolved; additional details were adjusted based on the review of the reference implementation
- PHP demo site

    - PHP-site up for the errorURL: https://ladok3.its.umu.se/errorurl-demo/
    - The code is at https://github.com/fredrikdomeij/errorurl-demo
- Next steps
    - Team is finding tweaks to make to the spec based on their review of the PHP demo site. Next week's call will continue reviewing the demo site and finishing the spec
