

Pronoun Subcommittee Call Notes - 2022-03-31

Attendees:

- [David St Pierre Bantz](#)
- Etan Weintraub
- Jason Peak
- [Heather Flanagan](#)
- Mona Zarei

Pre-reading

- [Draft specification and best practice guidance](#)
- ["Supporting Student's Gender Identity: An IT Perspective"](#) (Educause)

Agenda

- Consensus review
 - eduPersonDisplayPronoun should be a single-valued attribute
 - It should be human-readable; machine readability is out of scope
 - Multiple languages are at the discretion of the end-user; we will not be including LDAP attribute options to tag language to values
 - EQUALITY field will be removed
- Best Practice guidance
- Next steps
 - volunteers to write a blog post?

Notes

- Discussion and updates to the Best Practice Guidance
 - Innovator guidelines finished enough for public comment
 - Some updates re: definition in the attribute spec itself
- Next steps:
 - Heather to clean up and get this ready for public comment
